Somerset Care and Repair

A social enterprise company focusing on supporting anyone requiring extra help to live independent and fulfilling lives

They provide a range of practical services and home adaptations designed to support elderly, disabled and vulnerable people to enable them to continue to live safe, warm and secure within their own homes.

The company promotes independence, reduces the need for residential care and hospital admissions and improves the quality of life.

They are also members of Advice UK and this can help you access grants and other forms of finance, where appropriate, to improve your property carry out adaptations and allow you to remain independent.

They can help you claim any benefits to which you are entitled to and if you do not know what you are entitled to, they can advise you on this. They can also visit you in your own home to talk things through, giving you advice on all of your housing options, which may include:

- Staying where you are with some adaptations
- Buying an alternative property
- Choosing residential or nursing home care
- Moving to alternative rented accommodation

They also provide different types of adaptations and maintenance such as Stair lifts services, bathroom services, and many more.
