Somerset County Council

SOMERSET
County Council

Somerset County Council supports carers through their Adult Social Care Team who carry out Carers Assessments and offer support, advice and information. A carers assessment will look at how caring for another person affects you both mentally and physically and how it impacts on your wellbeing. Finding out how caring affects these things can help the council determine what support you could receive. Please use the Somerset Direct number below.

Somerset Direct

Somerset Direct is a contact centre managed by Somerset County Council. Somerset Direct operators will sign post you to departments relating to your enquiry.
